

**SFM
TRADUCTION
CONSEIL**

 sfmtraduction.com

Translation & content creation for industrial, tech & deeptech companies

American-owned agency in Grenoble, France providing BtoB marketing localization services for the French and US markets since 2003.

WOMEN OWNED™

CORE COMPETENCIES

- Translation & localization
- Copywriting & content writing
- Content strategy
- Remote simultaneous interpreting worldwide
- On-site interpreting in France

PAST PERFORMANCE

SFM has been writing the **CEA-Leti (a major European RTO)** annual scientific report in English since 2019. The 100-page report is written based on expert interviews with top international scientists on complex topics related to advanced R&D in the **semiconductor** and **integrated circuit** industries.

INDUSTRIES

- Semiconductors
- Micro & nanoelectronics
- Integrated circuits
- Edge & in-memory computing
- Sensors & displays
- IoT & IIoT
- AI & cybersecurity
- Energy tech & smart grids
- Smart buildings & mobility
- Robotics & advanced manufacturing

PAST PERFORMANCE

SFM has been localizing marketing assets into French for a **major global provider of energy management solutions** since 2021. We set up a team of senior technical translators with previous education and experience in industry, reviewers, and DTP specialists to deliver turnkey brochures, catalogs, and other assets.

What makes us

different

You can't write about or translate what you don't understand. Our unique approach: deep specialization and access to subject-matter-expert linguists and writers with in-demand profiles plus extreme ownership of the content production process and quality of output.
